Panel Guard

Recommendations:

- Uniguard Custom Panel Guards have been created to allow you to utilize either barrel guard polyethylene or polycarbonate UniClear material to protect employees from exposed rotating equipment.

Description:

- Orange, yellow polyethylene or clear polycarbonate material may be used for your application.
- Slotted cover is optional for heat dissipation.
- 9/16" HDPE or aluminum frames can be utilized based on the application.
- Easily installs on vertical or horizontal applications, can be hinged for openings.
